

## Welcome to the International Language Institute of Massachusetts!

We would be delighted to have you study English in our Intensive English Program. Since 1984 the International Language Institute has earned a distinguished international reputation for its excellent language and teacher training programs. ILI is a small, unique school with a warm and friendly staff. We make every effort to create a comfortable and relaxed environment that helps students to feel more at home. With 4 colleges and a major university within 16 kms of ILI and many opportunities to attend lectures and cultural events, Northampton is the perfect place to study English.

ILI serves students in academic, business and practical English. Classes are small (maximum of 12) and students receive individual attention. We offer Intensive English courses 47 weeks each year with start dates once a month. Business English students can enroll for as little as one week and work individually with a private instructor. In addition, Intensive English Program students have access to effective pronunciation software in our computer lab, trained volunteer community tutors and can live with American hosts who are within walking distance to the school or on a convenient bus route.

After completing our University Pathways Program, graduated students may choose to transition to one of our twelve [University Pathways Partners](#) offering conditional acceptance to qualified students.

Each student's level of English is evaluated on the first day of classes. Throughout the program you and your instructor track your progress and at the end of the program you will receive recommendations for future study. All students who attend 80% of the program will receive a certificate of completion.

If you have any questions, you can reach me by phone at (413) 586-7569 ext. 117, e-mail: [macey@ili.edu](mailto:macey@ili.edu) or fax (413) 586-8927. I look forward to working with you.

Sincerely,

*Macey Faiella*
