- Massachusetts businesses of any size may apply. To qualify, businesses must pay into the Workforce Training Fund. All for-profit companies pay into the fund. Some nonprofits contribute but others do not. This is determined by the method selected for UI coverage. Nonprofits that select the "contributory method" are paying into the Workforce Training Fund and are therefore eligible to apply. Nonprofits that select the "reimbursable method" are paying a discounted rate that does not include contribution to the Workforce Training Fund and therefore are not eligible to apply.
- Businesses with *more than 100* Massachusetts employees will no longer be eligible to receive Express Program grants as of July 10, 2023 and will be encouraged to submit General Program applications.
- Businesses with *100 or fewer* Massachusetts employees may receive **full reimbursement** of the cost of training.
- Grant funds are limited to \$30,000 per company per calendar year and \$3,000 per employee per course. Companies may apply for and receive more than one Express Program grant at a time.
